## WEBSITE

I'm a highly accomplished and award-winning Shooting Producer/Director and Edit Producer with twenty years of experience across Obs-Doc/Specialist Factual and Fact-Ent programming. My expertise includes having the shooting skills of a DoP while also having the editorial skillset of a Series Producer.

My passion lies in authentically telling people's stories while raising the bar visually. I excel at being creative, establishing ambitious content, and pushing boundaries to approach subject matter from fresh angles.

As a highly seasoned Edit Producer, I've successfully run multiple suites, cutting both formatted and non-formatted episodes, including both half-hour and hour programmes. My experience includes establishing tonality and format, scripting engaging VO, working within tight deadlines, and seeing programmes right through to final delivery.
