

KAREN ANSTEE

WRITER - DIRECTOR - PRODUCER - MUSICIAN

I came to the film industry from a successful, ongoing, career in music. I graduated from the London Film School in 2012 and I have since written, directed and produced a number of award-winning short films, developed a slate of feature projects and founded my production company, Precious Hack Productions, which enables me to meet my commitment to work in a truly collaborative spirit with a team that is at least 50% female team and diverse across disciplines. My greatest strengths lie in my strong vision, breadth of skills, tenacity and ability to see the funny side even when the going gets tough, together with my empathetic, nurturing approach to the actors and crew I work with.

I am currently in post-production on my latest short film, Firebird, which was shot during lockdown and my first feature, Living with Honor, is in active development, with production planned for early next year.

This film was conceived as part of a collaborative, year-long lockdown venture with European filmmakers in Germany, Spain, Malta and Italy.
