I am an experienced Producer with specialities in numerous areas such as branded content, corporate videos, commercials and film. Working/managing small budgets and large budgets, with numerous connections with rental companies and peers in the industry, I can make any budget work! Well most! With a sharp eye and attention to detail, I pride myself in making sure every production is done to its best. Having experienced doing numerous roles I have the ability to manage pre-production to post production. I'm a people person, I love working within a team, passionate and I just love being in a creative environment.
